

# NEED HELP WITH A FIRE DETECTION PROJECT ON-BOARD?

**We've got you covered.**

TROY'S MARINE DIVISION has been helping the marine industry with life safety solutions since 1992. Whether your project is a vessel or shipyard, large or small, we have the expertise you need. Our company and installers are certified by numerous classification societies including LR, ABS and DNV, and trained by our product manufacturers, so you can rest assured your vessel or facility will be fully protected and meet all code requirements.

We have 28 offices across Canada to serve you.

**Turn this flyer over to contact an Account Manager near you.**

**Specializing in:**

- Fire detection & alarm systems
- Fire hose & hydrants
- Fixed & portable fire systems and equipment
- Self-contained breathing apparatus
- Water mist systems
